Students are responsible for their own jewellery if taken off for safety reasons in class. Students can wear minimal jewellery and all jewellery must comply with workplace health and safety.

Mufti days: Occasionally the school will hold a "Mufti Day" wear students may wear clothing of their own choice. In general clothing on Mufti Days must be covering and sun safe. Singlet tops and exposed midriff are not acceptable. Students should be responsible for sun protection. Shorts and skirts should be a suitable length, avoiding very short hems. Closed in footwear is required. Students wearing thongs or Ugg boots may be sent home to change their footwear for workplace health and safety.

Students who are unable to wear the full uniform to school must report to Front office for a Uniform pass before roll call in the morning with a note explaining the reasons for not wearing the full uniform. A slip will be generated for the student to carry with during the day. Repeated occurrences of this may result in further action. It is recommended that students have 2 uniforms and several pairs of socks.

Footwear

Legislative requirements for NSW schools state that students must wear appropriate footwear to avoid injury. OHS requires that schools assess the risks associated with learning activities both inside and outside the classroom.

Legislation from Chemical Safety in schools

https://detwww.det.nsw.edu.au/assetmanagement/chemicals/section3/m_index.htm

Science

“Substantial footwear appropriate to the practical activity should be worn at all times. Footwear such as thongs, open weave type shoes, or shoes with openings at toes or heels, platform or high-heel shoes should not be worn in areas which present hazardous situations. Where indicated by a risk assessment, the wearing of safety footwear is mandatory.

Footwear with a stout sole and firm leather uppers provides best protection to students and staff in science. Because hot liquid can enter and be retained by footwear, the footwear chosen should be capable of quick removal. Thongs, open type sandals or shoes, canvas type shoes and/or gym boots must not be worn in practical classes where there is the possibility of injury through spillage of hot or corrosive liquids.

If a student whose shoes do not meet footwear safety standards is excluded from participating in a particular aspect of practical work, an alternate activity with the same expected outcome should be provided. “

Visual Arts

“Ensuring that students are wearing appropriate clothing, footwear and any other personal protection equipment required by a risk assessment.”

Technology and Applied Studies (TAS)

“Substantial footwear appropriate to a practical activity should be worn. Footwear such as thongs, open weave type shoes, or shoes with openings at toes or heels, platforms or high-heel shoes should not be worn in areas which present hazardous situations. Where indicated by a risk assessment, the wearing of safety footwear is mandatory. “

Cheltenham Girls’ High School Requirements.

Practical classes include Technology and Applied Studies, Visual Arts, Science, PDHPE and Sport. Each of these subjects require a practical component which may include the use of specific equipment requiring training and personal protective gear, chemicals, paints and activities or games that expose the feet to additional risks.

In keeping with Legislative requirements students are required to wear:

- Personal Protective Equipment - (PPE) is a condition of entry into the workshop and laboratories and was developed by undertaking a risk management exercise.
- Firm, supportive, enclosed, black leather shoes with a low heel and a stout sole.

Light weight non supportive or non-leather shoes with a very low scoop front that exposes the top of the foot and band with buckle), thongs, ballet and slipper type shoes are not to be worn and students who wear these shoes will not be admitted to practical classes. When participating in sporting events and PDHPE the following footwear is required;

Sport Shoes and shoes for Physical Education.

Lace up joggers must be worn. Slip on shoes, Converse, Vans, Rabens or Dunlop shoes are unacceptable. Students who wear incorrect shoes will not be able to participate and may be at risk on failing to satisfy the practical Curriculum requirements for Sport and or Physical Education.

Students who are restricted from entry to classroom because of inappropriate footwear will be provided with alternative work that must be completed in lieu of the practical application. Even though they complete the alternative work this may still mean that some students may be at risk of failing to meet the course practical requirements.

Responsibilities within the Policy

Students

Students are encouraged to wear the uniform as prescribed by the school in consultation with the P&C, students and staff. Students should be actively supported in wearing appropriate attire including encouraging them to take pride in their appearance. Students who experience financial difficulties or have difficulty in meeting uniform requirements should be referred to the Head Teacher Wellbeing who will support them to access Uniform Shop and or Student Assistance Scheme.

Students are encouraged to take responsibility for their choice of footwear. Students are expected to comply with the WHS requirements in accordance with the DoE policy indicated above.

Students who fail to comply with the footwear requirements will not be admitted to the laboratory or classroom. Provision will be made by the Head Teacher for students to be seated in another room and they will be provided with relevant, meaningful work to complete in lieu of the practical learning experience.

While we encourage students to be responsible for their own footwear, students who repeatedly fail to wear the correct shoes may be at risk of failing to participate in practical applications and therefore fail to meet the course requirements. These students will be referred to the faculty Head Teacher who will consult with their parents to resolve the footwear matter and to enable the student to participate in all practical activities required by the course.

Parents

Parent cooperation in matters of uniform is vital and particularly so with matters related to student safety in practical learning environments. Parents should be aware of what their daughter is wearing to school each day. Parents should encourage their daughter to care for her uniform and to look smart and neat in her appearance.

Parents are encouraged to purchase footwear that meets the safety requirement for practical classes. Parents should discuss these requirements with their daughter before purchasing new school shoes.

Students who fail to comply with the footwear requirements will not be admitted to the laboratory or classroom. Provision will be made for students to be seated in another room and students will be provided with relevant, meaningful work to complete in lieu of the practical learning experience. Head Teachers will consult with the student's parent/s to resolve the footwear matter and to enable the student to participate in all practical activities required by the course.

Students who have extenuating circumstances such as a foot or leg injury that precludes them from wearing the appropriate footwear must bring a letter from their parent explaining the circumstances, to the relevant Head Teacher before school. The student may not be admitted to practical classes for safety reasons until they are able to wear compliant footwear however, they will attend all other classes and the wellbeing team will provide support to ensure that the student can move safely around the school corridors.
